RE: Appeal of Enforcement Order WPC08-0069

Dear Sir:

We represent Karl Francis d/b/a Kingston Construction Co. who does appeal the above referenced Enforcement Order and does respectfully request a hearing before the Water Quality Control Board.

This will also constitute Mr. Francis's written petition and he would respectfully show:

1. That the project which upon which Mr. Francis was working was a part of and necessitated by the Tennessee Department Of Transportation (TDOT) project #11024-2223-04, said project having been permitted by the Tennessee Department of Environment and Conservation (TEDC).

2. That TDEC inspectors have made numerous inspections of the project site and have never advised Mr. Francis of any deficiency in the performance of the work or the necessity to secure a new or different permit.

Please advise me of the dated for the requested hearing.

Respectfully Submitted,

Robert L. Perry, Jr.
